To Whom It May Concern

Re: Ed Blekkenhorst

This letter will serve as an unqualified reference as to the capabilities and professionalism of Mr. Ed Blekkenhorst.

Mr. Blekkenhorst is a trusted contractor who took on the project of building our summer home in Muskoka. The design was unique with a tremendous amount of detail.

Throughout the project there was flawless execution of the architect's drawings and the project was completed on schedule as promised.

Throughout the entire construction progress Mr. Blekkenhorst's superb craftsmanship and meticulous attention to every detail was excellent, never a compromise to perfection.

I would be pleased to speak personally to anyone who would like further reference.

Yours truly,

L. P. Sharpe
